Sir:

In the matter of the above-identified application, applicants are submitting herewith a copy of a communication from a foreign patent office in a counterpart foreign application and copies of the documents listed in the attached form equivalent to Form PTO-1449 for the Examiner's consideration.

This information disclosure statement is being submitted before the mailing date of either a final action or a notice of allowance and is accompanied by the following statement specified in 37 CFR 1.97(e).

On information and belief, each item of information contained in this information disclosure statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this statement.

To the extent the documents listed on the attached form equivalent to Form PTO-1449 are not in the English language, the requirement of 37 CFR 1.98(a)(3) for a concise explanation of the relevance is satisfied by an English language abstract of JP-A-9-181159 and by an English language patent family member (U.S. Patent No. 5,498,565) of JP-A-5-275527.

It is noted the publication date of JP-A-9-181159 is subsequent to applicants' claimed Japanese priority date of March 31, 1997 of Japanese priority application no. 9-81013. A certified copy of applicants' Japanese priority application no. 9-81013 was submitted in parent application serial no. 09/050,416, filed March 31, 1998. An English translation of applicants' Japanese priority application no. 9-81013 was filed on February 15, 2002 in parent application serial no. 10/075,246, filed February 15, 2002.

It is respectfully requested that this information disclosure statement be considered by the Examiner.

Please charge any shortage in the fees due in connection with the filing of this paper, including extension of time fees, to the deposit account of Antonelli, Terry, Stout & Kraus, LLP, Deposit Account No. 01-2135 (Case: 501.36127CC3), and please credit any excess fees to such deposit account.
